

Proposed Changes to the Y Class By Laws

Applied grammar changes throughout the BL without identifying the Article number. Replaced 'Member in Good Standing' with 'Current Member' throughout the BL. Deleted 'Honorary Member' throughout the BL. Added Appendix C – Y-Flyer Measurement Form

Article 6 – Defined a Current Member as one who has paid dues in the existing fiscal year. Added paragraph which defines when Dues are to be paid. Deleted the Member Fee and Membership Notebook for new members. (Notebook can be purchased separately by all members.)

Article 8 – Removed 'qualified' from qualified CPA as no requirements exist for 'qualified'.

Article 10 – Added Webmaster

Article 11 - Changed that the President call Special General Meetings

Article 14 – Added that a Certificate Plaque has hull number and year of measurement. Added reference to Appendix C

Article 16 – Removed 'Qualified' from measurer as no requirements for "Qualified" exist. Removed the \$15 Protest fee.

Article 17 – Removed 'Certified' from measurer as no requirements exist for 'Certified'. Changed word 'measurement' to word 'dimensional'.

Article 18 – Rewrote the Article to make changing the Specifications more simple. The Y has been around too long and the design is very solid. Can't envision any additional needed dimensional changes. Recent past changes have been increasing the length of the spinnaker pole, and increasing the dimension tolerance of frame 2. The Canadians who use the spinnaker wanted an 8 ft pole, not the 7 ft pole of the drawings. All Turner made boats are too wide at frame 2.

Article 19 – Identified Sanctioned Races (only require current membership and scoring via Appx A. Weekend regatta, like the MW, is too short to weigh boats and measure sails), rearranged the order of the requirements. Redefined allowable Crew Changes during a Sanctioned event.

Article 20 – Removed the 4 race count for Junior racing. This allows Jr Regatta format of many short races, like that of Collegiate Racing. Added Challenger Fleet Racing.

Article 21 – Added that Dues and Fees, and Race Scoring, be changed by the Executive Committee.

Scoring Appendix A – Added letter scores that have been added to the RRS.

VHF Radios Appendix B – Changed to permission only in NOR

Y-Flyer Measurement Form Appendix C – Added measurement form.
